records. This is the earliest class roll available. It was made in 1872 by Rev. Joseph Crickeberger. In the notes taken from the old Conference records you will find that he says that there are no records, and that the class was kept only on a sheet of paper. Conference records and everything dates from 1872. Perhaps the others had been destroyed for Greenbank was so near the Civil War fortifications. Perhaps few had been kept. Greenbank was on the Huntersville circuit from 1846 to 1852. No records when Greenbank circuit was organized.

NEW SALEM----GREEN BANK METHODIST

As has been previously stated, the people of this community first worshiped at Deer Creek Union Chapel at Arbovale. This church was used by both the Methodists and the Presbyterians. There was a misunderstanding and the Methodists withdrew and built the old log church at Greenbank called New Salem in 1839. The Presbyterians then decided they needed a better church and they built Liberty Church. The Methodists not wishing to be outdone also built a new church. This church was built in 1856 and was also dedicated New Salem but it is never called by that name.

The deed was given in July 1856 by James Wooddell and Jane Wooddell his wife, to Isaac Moore, Wm. J. Wooddell, John Conrad, Samuel G. Sutton, John Wooddell, Allen C. Burner, Adam Arbogast, George W. Siple and Oscar Butcher, trustees, in consideration of the sum of \$50. cash, a tract of land in Greenbank in Pocahontas county. That they shall erect thereon a place of worship for the M. E. Church in the U. S.A. On Nov. 29, 1856 the heirs of James Wooddell willed to the same trustees an additional strip of land beginning at the corner of Academy lot, to be used as an addition to the church lot.

This church was built across the road from the old log church.

It was at first used by all Methodists, but after the Civil War the M. E. South members bought out the M. E. members, and it became an M. E. South church.
